

Lab 5b

CS321L Winter 2023, Professor Christopher Diggins

Follow along with the tutorial at: **Tutorial: Create a picture viewer Windows Forms app in Visual Studio** (<https://learn.microsoft.com/en-us/visualstudio/get-started/csharp/tutorial-windows-forms-picture-viewer-layout?view=vs-2022>).

Create a public GitHub repository and submit the code.

For instructions on how to do this via Visual Studio see: <https://learn.microsoft.com/en-gb/visualstudio/version-control/git-create-repository?view=vs-2022> .

Grade: **5 points**.

Submission: a text file containing the URL to your GitHub repository.
